SUMMARY

Hardworking, highly motivated professional eager to lend combined knowledge and skills to enhance business performance. Operates well in both individual and team capacities, leveraging seasoned work ethic to quickly adapt to different processes and drive company objectives. Resourceful and results-driven with a passion for growth and efficiency to meet company needs and increase service value.

EDUCATION

- **IITM College of Engineering** New Delhi, India
Bachelor of Technology - Computer Science & Engineering *July 2022 – June 2025*
- **Ambedkar Institute of Technology** New Delhi, India
Diploma - Information Technology & Management *July 2020 – June 2022*
- **Central Board of Secondary Education** New Delhi, India
High School *July 2018 – June 2020*

SKILLS SUMMARY

- **Languages:** Java, C, C++, JavaScript, HTML, CSS, SQL, Object-Oriented Programming, Data Structures & Algorithms
- **Frameworks & Libraries:** React, Tailwind CSS, JDBC, Servlets, JSP, Hibernate, Spring, Spring Boot
- **Tools:** Git, GitHub, ChatGPT, Eclipse, IntelliJ IDEA, Postman
- **Soft Skills:** Critical Thinking, Self-Discipline, Communication, Decision Making, Management, Goal Oriented

TRAINING & INTERNSHIPS

- **Coding Blocks**
 - *Data Structures & Algorithms and Web Development*
 - **Overview:** Completed an intensive internship focusing on advanced data structures, algorithms, and modern web development. Gained hands-on experience building responsive and dynamic web applications using HTML, CSS, JavaScript, and React. Strengthened understanding of frontend component architecture, state management, API integration, and performance optimization. Additionally developed strong problem-solving skills through structured training in core programming logic and algorithmic techniques. Successfully applied concepts to real-world projects under mentor guidance, improving both technical depth and practical development capabilities.
- **Q-Spiders (New Delhi)**
 - *Java Full Stack Trainee*
 - **Role:** Currently training as a Java Full Stack Developer at Q-spiders, gained practical experience in backend technologies like Core Java, JDBC, Servlets, JSP, Hibernate, Spring Spring Boot. Developing dynamic web applications with modern frontend tools including HTML, CSS, JavaScript, and React. Learning to design REST APIs, integrate databases, follow MVC architecture, and deliver clean, production-ready code.

PROJECTS

- **Real-Time Chat Application:** Built a real-time chat app using the MERN stack. Implemented JWT-based authentication, contacts, socket.io for live messaging, and persistent chat history. Led a small team to deliver the project on schedule.
- **Social Media Clone with Chat Support Integration:** Developed a Twitter-like application using MERN stack with features for posts, media upload, likes, comments, follow/unfollow, chat service, and cloud-based media storage.
- **Hospital Management System:** Designed a hospital management system using JDBC, Servlets, JSP and Hibernate. Implemented patient registration, appointment scheduling, doctor management, and secure data persistence. Improved workflow efficiency and reduced manual overhead.

HONORS & AWARDS

- **Mahindra Pride Classroom – Employability Skills Programme:** Awarded for completing a structured programme focused on communication, teamwork, problem-solving, and workplace readiness.
- **Certification of Excellence (Mahindra Pride Classroom):** Recognized for active participation and strong performance in employability and soft-skills training.
